

```
algorithm::Algorithm  
< IdAstar< ALG_TARGS,  
  BacktrackLock >, ALG  
  _TARGS >
```

A diagram showing a class hierarchy. A light gray box at the bottom contains the text 'algorithm::IdAstar < ALG\_TPARAMS, BacktrackLock >'. A blue arrow points upwards from this box to a white box at the top. The white box contains the text 'algorithm::Algorithm < IdAstar< ALG\_TARGS, BacktrackLock >, ALG\_TARGS >'. This indicates that 'IdAstar' is a base class for 'Algorithm'.

```
algorithm::IdAstar  
< ALG_TPARAMS, BacktrackLock >
```
